

# DOLLAR DAY

## Huntington, W. Va. Friday, September 7th

"WEST VIRGINIA'S GREATEST MERCANTILE EVENT"

"Business as Usual—only more of it." That is the slogan of Huntington merchants for Dollar Day. They have been preparing for several weeks to surprise you and are now ready with a wonderful battery of "twenty centimeter" bargains that will spell doom to the invasion of high prices.

A sweeping victory for "General Economy" is assured.

The following business houses are on the firing line:

There's a firing line for dollars, too, nowadays—send yours to the front.

Don't Waste  
Don't Hoard

The country has been prosperous for two and a half years. Farmers, manufacturers and laborers have been making large profits and high pay. The country is full of money. Recently Congress authorized a bond issue of billions of dollars. This money is now being distributed throughout the United States.

Money is No Good  
Unless It Circulates

Keep steady—buy what you need. One helps the other. The only real cause for business depression is hard times. There are no hard times now!

### PIKE COUNTY NEWS

Teachers Institute.  
Beginning September 3 the Pike-county teachers institute will be held here, with Prof. E. C. McDougle as instructor.

#### Wounded On Battlefield

Mr. J. H. Stump, of Pikeville has received a cablegram stating that his son, Louis Stump, had been wounded in the chest on the western front in Europe.  
About six years ago Louis Stump went to Canada to take up a claim. He joined the army and six months ago went to France.

#### MOLLETT-FLETCHER.

Mr. T. F. Fletcher and Miss Stella Mollett were married at the bride's home at Boone Camp. After a wedding trip to Cincinnati they will return to Inez, Martin-co., where they are teachers in the schools.

#### TWO SECOND REGIMENT BOYS ALLEGED DESERTERS.

Lexington, Ky., Aug. 28.—Privates Baldrige and Reffett, of Company C, Second Regiment, were brought to Camp Stanley to-day from Ashland charged with desertion.

C. R. Holbrook, of Blaine, was in Louisa Monday.

### THE NEW KENTUCKY --- TAX LAWS ---

There will be many changes in the Kentucky Tax Laws, which go into effect September 1st, and taxpayers should be deeply interested.

Farmers will be benefited by the lower State tax rate on Lands and Improvements from 55 to 40 cents on each \$100 valuation and on Live Stock from 55 to 10 cents for State purposes. Bonds, Stocks, Mortgages and Accounts will be exempt from local taxation; as will also Agricultural Implements; and Products grown within the year are exempt from all taxation. Money deposited in Bank will be taxed at only 10 cents on the \$100; instead of 55 as heretofore. This will result in a large saving to taxpayers, who have been listing their property at a fair valuation.

Merchants will have only State taxes to pay on their Notes and Accounts at the rate of 40 cents on each \$100 and 10 cents on Bank Deposits. Other property, such as Real Estate, Merchandise, etc., is subject to State tax rate of only 40 instead of 55 cents.

Manufacturers are exempted from local taxes on their Machinery, Raw Material and Product. Notes and Accounts and will be taxed for State purposes only on such property at 40 cents on the \$100 and 10 cents on Bank Deposits. On all other property the State tax is only 40 cents on each \$100 and the local taxes as fixed in the localities where their business is conducted.

Bonds, Stocks, Mortgages, Notes and Accounts are taxable for State purposes only at 40 cents on the \$100 and exempt from local taxation.

The State tax on Real Estate, Household Goods, Merchandise, Vehicles and other property owned by individuals has been reduced from 55 to 40 cents; a reduction of 37 1/2 per cent.

Additional Revenue to justify the reduction and increase the State revenue is to come from Bonds, Stocks, Notes and Accounts; Mineral and Timber Rights and Royalties and by equalization of notoriously undervalued assessments, and as each class of property, no matter by whom owned, will be assessed and taxed uniformly, the advantage to taxpayers generally and the State at large will be very great.

The State needs more revenue to meet the present deficit, and the ideal is to get more property to tax rather than to impose more taxes on property now paying more than its share, and under the new and more equitable laws this can be accomplished.

The State Tax Commission is going about the work in the right way to subject every kind of property to its fair share of taxation and correct the evils heretofore existing whereby many property owners paid more than their fair share, and others escaped entirely. The Commission is endowed with power to enforce the laws and bring the delinquents to a sense of their responsibility and obligation to the State, and every Taxpayer, Assessor and Supervisor should aid in securing for the State the successful operation of the new laws, which are fair and just to all.

Where accurate returns are made as of September 1st, the property owners will be immune from penalties and delinquents may be proceeded against for ten years back, so there is every inducement to comply with such just and equitable laws, and as the principles involved are worked out there will be further reductions in the tax rates, and in time the entire exemption of land for State purposes, as in other States where the same laws are in practice.

### HELLIER NEWS

(By HARRY COHEN)

#### 31 REJECTIONS, 11 ACCEPTANCES IN HELLIER.

The following is about as authentic list of the persons of Hellier who were examined by the medical board of exemption at Pikeville, as can be obtained. It is reported that those passed upon will be called about September 5 to a campment located near Louisville. The names that follow are all in the first call. A second call is being made.

#### HARRY COHEN SAYS:

We all can make promises, excepting our mother-in-laws, and they usually do the performance.

Women are wearing skirts shorter than ever. They're following out the slogan, "Save the waste and win the war." If some of our men folks would quit wearing full peg trousers, they could, at least to help reduce the waste to a minimum.

It takes fully an hour for some people to tell you a big exaggerated story, and after they get through there is nothing to it.

#### THE PATRIOTIC THING TO DO.

Few of us realize the tremendous wealth of the United States. In the various branches of the United States treasury there are held more than three billions of dollars—the greatest amount of wealth ever held by any one government in the world's history.

Comptroller Williams says that the assets of the national banks of the United States aggregate more than sixteen billions of dollars—exceeding by more than five billions of dollars the combined resources of the banks of England, France, Italy, Spain, Norway, Sweden, Denmark, Japan and Germany.

It is impossible to realize the tremendous amount of wealth in this great country. There is no danger of us "going broke," because of the war with Germany.

The only danger we do face, in fact, is that of losing our head. This we

must not do. Our success in war depends on this one point.

If this vast amount of wealth is kept circulating it can pay all of our war debts and enable us to help win the war for the world's freedom. If it is withdrawn from circulation and business suffers, the effect will be disastrous.

You can do no more patriotic service today than to keep cool, realize that we are in no danger and keep right on living your life as you have been doing the last three years. Remember, every time you are tempted to practice "hysterical economy" that you are helping the enemy by throttling business. Do not indulge in extravagance—that would be idle; but do not "attempt to save the country over night" by curtailing your expenditures for necessities. If you do that, you help to check the circulation of money, which is the lifeblood of business and make the nation's task not only doubly difficult, but perhaps impossible.

Be patriotic by doing just as you have done the last three years. This means living only your normal life, doing your usual work, enjoying your usual pleasures and providing for your usual necessities.

Not a very hard thing to do is it? But it is one of the most patriotic things that you, as one of the 88,000,000 non-combatants can do for your country and your flag. "So do it!"

#### KILLED INSTANTLY BY ELECTRICITY.

Will Martin died instantly from electrocution in the Edgewater Coal Co. He was working in the mine overtime, it is said, when he came in contact with a live wire that resulted fatally. He came here from Bristol, Tenn., and has been here only a few months. The deceased is 25 years of age and married.
